

Theoretical Physics CV

Gabriele Cembalo

Personal page: gCembalo.github.io

University of Turin, Physics department

Below is a list of all the courses and lectures I attended during my MSc in Theoretical Physics at the University of Turin. My lecture notes, where available, can be found on my personal page.

- Introduction to Computer Techniques for Physics
- Professional aspects of applied physics
- Introduction to Quantum Field Theory
- Foundations of Quantum Field Theory
- Statistical Mechanics
- Numerical algorithms
- Introduction to Group Theory
- * General Relativity
- * Elementary Particle 1
- * Condensate Matter Physics
- * Advanced Quantum Field Theory
- * Phenomenology of Fundamental Interactions
- ◇ Cosmology
- ◇ Statistical Field Theory
- ◇ String theory
